FOR IMMEDIATE RELEASE

A Giant Step Toward Self Sufficiency

Port Coquitlam – Kwikwetlem First Nation (k^wik^wəłəm) is committed to economic development that promotes their self-determination and the long-term growth of the Nation. The Kwikwetlem Business Park is entirely KFN owned and is being developed by the Nation's economic development corporation, KFN Enterprises LP.

Metro Vancouver has the lowest available industrial land vacancy rate in North America. The Kwikwetlem Business Park will address that deficit in this region to the benefit of many commercial and light industrial businesses.

Last Friday marked the end of Phase 1 earthworks by KFN's own forces, as the last of the site was raised to the final grade. This first phase is approximately 30-acres in an overall land area of 98 developable acres that will feature the Kwikwetlem Comprehensive Health and Wellness Centre as the anchor tenant. The focus Kwikwetlem Comprehensive Health and Wellness Centre will be on the needs of both First Nations and the surrounding communities.

Building construction in Phase 1 is anticipated to start in the spring of 2018.
